NOW THAT THIS COPPER AND ASPHALT STOCK is about gone. I want to ask those persons who could not quite make up their minds to buy just now to do me the kindness to keep this stock always in sight for a very short time only. Nothing can hold it down. It will be worth many times its present value. Why, the property of this copper company is surrounded within a distance of 20 miles by 400 mines, and this company owns its entire plant—smelter, assay house, etc.—and they own 7 valuable mines. The smelter alone will enable them to pay good dividends in a very short time. In regard to the asphalt, the Washington public has never had presented to them a proposition with such tremendous possibilities. The people who are buying this stock are regulars who have made their money buying stocks in promising enterprises. There are three persons in this city who have bought ten thousand shares each of this asphalt stock. A porkpacking firm in Washington has bought 5,000 shares, and last week a gentleman near Leesburg, Va., bought 8,000 shares. These are all bona fide sales and not put in the paper for the sake of spending money. Shrewd people will look into this.
